Additional School Rule in Response to Covid 19

Ratified by the Board of Management on 31st August 2020

Our school will operate in line with the government's **Covid 19 School Response Plan for Return to School.**

This plan has been drawn up to help schools to return to a safe workplace for everyone in our school community. This means that we all have a shared responsibility to work to this plan.

Your co-operation is essential at all times, for your own safety and the safety of everyone around you here in school and for everyone at home as well.

These guidelines include advice on; hand washing, hand sanitising, wearing a face covering, coughing etiquette, following sanitising routines before you enter and as you leave classrooms. We have clear guidelines in place for circulating inside the school and on the grounds outside. Your good behaviour on the corridor, particularly by following the directions as posted around the school is essential.

Your co-operation in the Canteen is really important during breakfast, morning and lunch breaks.

Your parents have access to the complete plan in Letter 2 which is posted on the website.

They will expect you to play your part in following these rules.

All students are required to follow the additional school rules relating to the Covid 19 School Response Plan for Return to School.

Failure to follow the rules will be noted as a serious incident and any student who does not follow these rules will be dealt with immediately by school management.
